

Subject: POWER FOLDING DOOR MIRROR(S) DO NOT FOLD IN AND/OR OUT	Bulletin No.: 09-011/20
	Last Issued: 02/13/2020

APPLICABLE MODEL(S)/VINS

2019 CX-5 vehicles (equipped with power folding mirror) with VINs lower than JM3KF*****653298 (produced before June 11, 2019)

2019 CX-9 vehicles (equipped with power folding mirror) with VINs lower than JM3TC*****337041 (produced before Aug. 28, 2019)

DESCRIPTION

Some vehicles may exhibit power outer mirror(s) that do not fold in and/or out when using the outer mirror switch. This concern may be caused by insufficient water tightness, allowing water to enter the electric fold-in unit resulting in corrosion damage.

To eliminate this concern, the overlapping area (1) of the water-proof seal (inside electric fold-in unit) has been extended.

Customers having this concern should have their vehicle repaired using the following repair procedure.

CONSUMER NOTICE: The information and instructions in this bulletin are intended for use by skilled technicians. Mazda technicians utilize the proper tools/equipment and take training to correctly and safely maintain Mazda vehicles. These instructions should not be performed by "do-it-yourselfers." Customers should not assume this bulletin applies to their vehicle or that their vehicle will develop the described concern. To determine if the information applies, customers should contact their nearest authorized Mazda dealership. Mazda North American Operations reserves the right to alter the specifications and contents of this bulletin without obligation or advance notice. All rights reserved. No part of this bulletin may be reproduced in any form or by any means, electronic or mechanical---including photocopying and recording and the use of any kind of information storage and retrieval system ---without permission in writing.

REPAIR PROCEDURE

1. Verify the customer concern.

NOTE: Replace the electric fold-in unit(s) with a modified part using the removal/installation procedures below.

- For CX-5, go to "**CX-5 - REMOVAL PROCEDURE**"
- For CX-9, go to "**CX-9 - REMOVAL PROCEDURE**"

CX-5 - REMOVAL PROCEDURE

1. Remove the outer mirror garnish according to the instructions on MGSS online (OUTER MIRROR GARNISH REMOVAL/INSTALLATION).
2. Remove the power outer mirror according to the instructions on MGSS online (POWER OUTER MIRROR REMOVAL/INSTALLATION).
3. Remove the rubber seal (1) from the base (2) of the mirror.

4. Pull out the lower base cover in the direction of the arrow shown below.

5. Peel off the two seal packing (1) from the harness.

8. Remove the mirror harness.

1) **For outer mirror with side camera only:** Disconnect the connector (1).

2) **All models:** Using needle-nose pliers (3), pull out the side turn light connector (1) while pushing the lock (2).

3) Remove the screw (1) then remove the lower outer mirror garnish (2).

CAUTION: Be careful not to damage the hook (3) during removal.

7. Install the rubber seal (1) passing the harness (2) through it.

NOTE: If the seal rubber is correctly installed, the three bosses (3) on the inner base are 2mm above than the rubber seal (1).

8. Install the new packing onto the mirror harness (185 ± 10mm from the end) where the old packing was removed.

NOTE: Confirm that the length of harness is 550 ± 10mm.

9. Install the power outer mirror according to the instructions on MGSS online (POWER OUTER MIRROR REMOVAL/INSTALLATION).

10. Install the outer mirror garnish according to the instructions on MGSS online (OUTER MIRROR GARNISH REMOVAL/INSTALLATION).

11. **For power outer mirror with side camera:** Perform 360°view monitor system aiming according to the instructions on MGSS online (360°VIEW MONITOR SYSTEM AIMING).

12. Verify the repair.
