

What will Mazda do?

Your Mazda dealer will reprogram the PCM to include the latest calibration **free of charge**. The repair should take approximately half an hour to complete. However, it may take longer depending on the necessary repairs and service workload at your Mazda dealership.

What should you do?

We encourage you to make an appointment with any authorized Mazda dealer to have the PCM reprogrammed at your earliest convenience. You do not need to bring this notice to the dealer, but it may assist in the check-in process.
