

The image shows a circular template for a Mazda 323 98+ OEM rear speaker. It features a central white area with a black outline, surrounded by a grey border. Three small black dots are positioned at the top-left, top-right, and bottom-center of the white area, representing mounting holes. The text is centered within the white area.

**Mazda 323 98+  
OEM rear speaker template**

The grey area is the recommended  
cutting/sawing border for  
making speaker adapters.
